

## ANSWERS

1) **SLIT:-** although soil and ash go into lakes and rivers but don't make them to flooded just kill the fishes, so slit makes them to overflow after heavy rains and becomes the reason of flooding.

2) **SEVERE:-** there is clearly written that damage to communities and farmlands is severe.

3) **NATURALLY:-** this sentence needs the adverb means how the wildfires occur means they occur naturally as nature is given the reason to this and lightning can't be the answer bcz it is given as just an example of natural occurrence of wildfires.

4) **SERIOUS:-** it is clearly seen that it is major cause.

5) **REMOTE:-** the last line tells that fires in remote areas become large fast means it spreads fast there.
